

## PRUDHOE GLEEMEN – another crib sheet

### GRUPS = Gonna Rise UP Singin'

This crib image (cartoon) is to help tenors remember their lead-in to the two verses.

## GRUPS

#### VERSE 1

- 1 (Tens) When I woke up this mornin', I saw the risin' of the sun  
(Bass) All at once I realized that a brand new day had begun
- 2 (Tens) I glanced out-side my window, and jumped right out of my bed  
(Bass) I looked around, put my feet on the ground, and this is what I said ...

#### VERSE 2

- 3 (Tens) If you wake up some mornin', and the sky seems cloudy and grey  
(Bass) Just remember what I said, and things will work out o-kay
- 4 (Tens) Open up your window, and take a breath of fresh air,  
(Bass) Stand up proud, and say it out loud, for all the world to hear ....

Of course, there's nothing magic or clever about this learning method.

Those of us who are "visual learners" (and day-dream believers) find that this mnemonic technique works for us when we're have a struggle to learn lyrics.
